PROLOGUE

Not about religion, but satisfaction and meaning to your life through the teachings of Jesus Christ. The words of Christ not only brings a valuable philosophical perspective but also breaths new hope in the lives of people.

We pray this tiny article encourages you and your family to overcome the challenges laid ahead.

By Jayasheelan.R

FACE OFF THE UNCERTAINTY OF LIFE

**“Fear makes us weak and
worries make our heart heavy.”**

They are like some sort of sickness; if not treated at the early stage, they may badly hurt us, God forbade it may also result in the fatal end.

Addition to our woes; now we are called to face the uncertainty (Currently: Covid-19 pandemic!)

*One of the W.H.O chiefs said in India Today TV interview;
"Irrespective of finding “vaccine or vaccines” but to treat the
entire world population, e.i., 7+ billion people, at least it would
take 2 1/2 years or more. If any time sooner it happens, I will
be the first person jumping on my feet. Until then, we must
learn how to live with the virus without being infected."*

And I must say; “please, tell me that!”

One of my known physicians said;
*"Preceding two months(July-August) are crucial criteria to see
through; who would live on or departs."*

Joining the party; the WhatsApp, Television and the Internet make our hearts beat faster by flashing and breaking news.

If it was a human war, we could have easily resolved by “A kind or Cash!” But we are facing an uninvited invisible virus.

Please sing with me; we don’t know yet fully where is, it's head or tail.

In India 1.3+ billion people lives are placed on the current leadership of men, and the results are not very much encouraging state to state. Dead bodies are falling here and there, like dried leaves fallen beside the doors.

DOGS ON THE STREETS SLEEPING PEACEFULLY, BUT NOT HUMAN BEINGS.

And I must say, “please, sing that song again!”

In this fear-mongering hour, how do one must face the uncertainty of life?

LOOKING UPWARD TO FORWARD

“Look at the Birds!”

In times like this, Jesus teaching can give you new hope and boldness.

In the Holy Bible, Jesus taught us a very valuable lesson from a lesser creature compares to human beings.

“Look at the birds. They don't plant, harvest, or save food in barns, but your heavenly Father feeds them. Don't you know you are worth much more than they are?” (Matthew 6:26)

Their lives are placed on the hand of God who would daily feed and takes care of them. They don't have BIG worries, because they fully trust in the creator.

Jesus said, if a humble bird has been taken so much care; how much more he will take care of you?

THE FIRST STEP IS TO TRUST IN THE LIVING GOD

who made the heaven and the earth, and this is our biggest strength of all to face uncertainty of life.

DISMANTLE EXTRA WEIGHT

“We do not live all at once!”

And secondly, our next biggest step is to learn, not to worry about tomorrow.

Jesus said in Matthew 6:34,

“So don't worry about tomorrow. Each day has enough trouble of its own. Tomorrow will have its own worries.”

Jesus' means do not borrow tomorrow's trouble or sorrow.

We ought to learn to live our daily lives. What happens tomorrow? should not be our worry, but how am I to live my present is key to be happy.

Today you're alive, breathing and moving, be thankful for it, for tomorrow let us trust in the Heavenly Father who is very merciful.

If I am alive tomorrow, I will have my God to take care of me and my family, that should be our trust.

It is said that, darker the night; brighter the stars, and more the griefs; closer the Lord God.

I'm beginning to wonder when did human beings had the guarantee for their lives? Was not they always lived under the uncertainty of life?

I may say that God-given life is like a boat, if it is always tied on the shore, it is very safe! However, it was not built for that purpose. But to venture out by trusting the living God!

So, how to face uncertainty? The fact is, we always lived under the verge of uncertainty, if not coronavirus, something else may end up our human life miserably, today or tomorrow.

All that we need to do is.

**Trust in the Lord to take care of
your today and tomorrow. And
living day by day placing your life
on the merciful hand of God.**

SHALL WE PRAY?

Heavenly Father, I believe that you are good and merciful.

I acknowledge my faith and understanding about you is a humble one. Still, I believe with all my heart and mind, that you can protect and bless my family amidst pandemic fear and worries.

I choose to trust in you and kindly teach to live my life day by day by placing my faith in you; in Jesus' name, I pray, Amen.
