

MCS YOUTH DISCIPLESHIP STUDY

Lesson 1:
Discipleship: What is it?

BE READY.
MAKE READY!

Study Question **(SQ) 1**.

A disciple follows his master's life and receives his instructions. He is a learner by relationship. We will spend a third of our time each week studying the Bible to learn what our relationship to God should be. Why are you in this group?

SQ 2. Here are the three of the goals of discipleship:

1. Complete submission to the Lordship of Jesus Christ - Luke 14:24-33
2. Life formation - Romans 12:1-2
3. Reproduction - 2 Timothy 2:2

Read these texts and think about these goals. Why are each of them important for the development of a disciple?

SQ 3. Jesus' method of discipleship included:

- Prayer - Luke 6:12-13
- Responsibility - Luke 9:1-2
- Teaching - Luke 6:17-49
- Accountability - Luke 9:10
- Sacrifice and dedication - Luke 14:25-33

How would you have responded in each of these situations? Be specific in each of these five areas. How does this teaching affect your life today?

Memory Verse **(MV): Luke 9:23**

"*If anyone would come after me, he must deny himself and take up his cross daily and follow me*."

Discussion Question **(DQ).**

Share your answers from questions 1-3 with one another. What areas did the Holy Spirit speak to you about where you need to improve? Talk honestly with one another and pray for each other. You are here to learn and grow.
